HIGHEST RISK SEGMENT

MONTH-TO-MONTH +
ELECTRONIC CHECK

44.1K

Revenue Lost (Monthly)

This segment contributes **56%** of total revenue lost among high value customers

Key Insight

Electronic Check is heavily overrepresented among High Value churners, especially when paired with month-to-month contracts — reinforcing the recommendation to prioritize this segment first.

Recommendation

Prioritize retention campaigns for **High Value** customers on **Month-to-month contracts** who pay via **Electronic Check**, as this segment contributes the largest share of revenue at risk.

Recommendation & Financial Impact

Estimated impact of retaining the highest risk segment

Target Segment

Month-to-month contract + Electronic check (High Value Customers)

This segment represents the highest revenue at risk and should be prioritized for retention initiatives.

If 10% Retained
of this segment

\$4,413

Estimated Monthly Savings

If 15% Retained
of this segment

\$6,619

Estimated Monthly Savings

If 20% Retained
of this segment

\$8,826

Estimated Monthly Savings

Estimated Annual Savings Range

\$53k - \$106k

Estimated Annual Savings Based on 10–20% Segment Retention

Recommendation

Retaining 10–20% of this segment could generate approximately \$53K–\$106K in annual savings, making it the highest-return retention opportunity.

Business Value: Targeted retention is more cost-effective than broad retention campaigns because it focuses investment on customers with the highest revenue impact.
